SHE DENIES THE STORY

**Mrs. Bankert Says That
Jones Did Not Ask Her to
Flee With Him.**

**She Says She Knew Nothing
Whatever of Contemplated
Jail Delivery.**

The following statement, alleged to have come from this city, appeared in Monday evening's Indianapolis Sentinel:

"Mrs. Sylvester Bankert, confined in the Rushville jail on a charge of murdering William Cook, who, she says, attacked her in her farm house a week ago, had an opportunity to escape when Oliver O. Jones, the ex-cashier of the Darlington Bank, and Obediah Bowman, charged with embezzlement, made their sensational escape from the jail early Saturday morning.

"Mrs. Bankert, it appears, was not informed of the details of the pre-meditated escape, but she had been told by Jones that he expected to leave the jail at any time, and he was going to South America with a view to making money and reimbursing the depositors who had lost their money through him. He insisted that she should accompany him, and told her that he would provide means for her escape if she would go.

"Mrs. Bankert says that she refused to consider the proposition, as it involved more than merely leaving the jail, and that she has no fear of conviction and did not want to separate herself from her husband and friends.

While Jones had but limited opportunities of seeing and conversing with the woman, he seems to have become desperately enamored of her when she first entered the jail as a prisoner."

When seen this morning at the jail, Mrs. Bankert denied the above story and said that she did not make the statements attributed to her in the article. She was highly indignant over the fact that such a story had been printed.

Mrs. Bankert stated positively and Sheriff and Mrs. Bainbridge believe that she speaks the truth, that she knew nothing whatever of the contemplated jail delivery or of its being carried out. She says that Jones said nothing whatever to her about it at any time. She neither heard any noise in the men's department all day Friday or on Friday night. The doors were kept tightly closed and it would have been impossible to hear what was going on inside. There was no way that Jones could have communicated with Mrs. Bankert without being heard and it would have been impossible for him to have got to her or for her to flee with him.

The authorities have received no word whatever today concerning the fugitives. Sheriff Bainbridge is particularly anxious to capture Oliver Jones, the ex-banker, because he believes him to be the one who is responsible for the escape of the prisoners.

It was learned today that Jones left a letter to Prof. J. Riley Small, of this city. During Jones' imprisonment Prof. Small had frequently called at the jail and had shown him many favors in the way of personal luxuries. The letter which was left to Small is the only one in which Jones gives any light as to his future intentions.

After thanking Prof. Small for his kindness, Jones said he would go East and go into business between the time of his escape and Jan. 1, 1906, and as soon as he got located that he would notify him. The officers have taken up this clue and are investigating it, but in some quarters it is believed that this may have been written for the purpose of throwing them off the track.

Stevens & Nipp, attorneys for Jones, were astonished by the escape of the young man from prison, especially at a time when his prospects for ultimately giving bond in the sum of \$1000 and obtaining his release were so bright.

It is now asserted that the father of Jones had denied his son any aid in his financial troubles. The idea of escap-

ing to Canada was broached to him, but on the advice of an uncle he determined to face his troubles manfully and try to make a settlement satisfactory to all creditors.

One week ago Jones informed his attorneys that if he could obtain bond he had the offer of a position at a salary of \$5000 a year, and agreed to ally in paying off his debts.

SUBSTITUTE PERFECTED

**Knell of Auto Tire is Said to
Have Been Sound-**

The knell of the pneumatic tire has been sounded as far as motor cars are concerned, it is believed, in the East.

An automobile trip from New York to Stamford in a machine with iron tires is the cause. The run was made in a blinding rainstorm, and made without discomfort to passengers. While the journey took three hours, it developed the fact that the new tire has easier running qualities than the old pneumatic tires. The wheel is somewhat cumbersome in appearance. The principle of the pneumatic tube is there, though removed from the danger of contact with the ground. The diameter of the wheel is thirty inches, and midway between the hub and the outer rim are two interior rims, between which rests a three inch pneumatic tube. The upper rim is suspended from the hub by iron spikes and the lower has similar connections with the inner rim. The construction is of steel and bronze, and three-point suspension gave strength and rigidity, while shocks and jolts are absorbed by the pneumatic tube.

COURSE OF STUDY IN HIGH SCHOOL

**Rushville Institution Has One
of Best Latin-English Courses
in the State.**

The following course has been adopted for the high school for the term of 1905-'06:

FRESHMAN YEAR.
First Semester—Latin, English, Algebra, Physical Geography.
Second Semester—Latin, English, Algebra, Physical Geography.

SOPHOMORE YEAR.
First Semester—Algebra, English, Grecian History, Caesar.
Second Semester—Plane Geometry, English, Roman History, Caesar.

JUNIOR YEAR.
First Semester—Plane Geometry, English, Mediaeval History, Cicero.
Second Semester—Solid Geometry, English, Modern History, Cicero.

SENIOR YEAR.
First Semester—Physics, English, American History, Advanced Arithmetic.
Second Semester—Physics, English, American History, Botany.

The above Latin-English course represents the best course offered in the majority of the high schools of the State. Such a course completed removes all conditions of college entrance and at the same time is a very practical course in that subjects are pursued thoroughly and continuously instead of taking a little of one subject, then a little of another.

German may be taken instead of Latin during two years of the course.

Thirty-two credits are required for graduation. One credit is one-half year's work in a subject. Other subjects offered are: Commercial Geography, Civil Government and English History. Classes in elective subjects will be formed only when five or more pupils need the subject, and when there is time for it according to the teaching force.

Pupils who are required to take examinations to remove conditions and to secure advanced standing will report Friday afternoon at 1:30 o'clock at the high school building.

J. H. SCHOLL, Supt.
The freight houses were closed Monday on account of Labor Day.

BUSY DAY IN CIRCUIT COURT

**More Saloon Keepers and
Alleged Gamblers Plead
Guilty to Charges.**

**Several Civil Cases Are Disposed of—Notes of the Day's
Proceedings.**

Today was a rather busy day in the circuit court. Clyde Miller was brought into court and upon being arraigned, plead guilty to four cases against him and was fined \$10 and costs in each case. Four other cases against him were nollied.

The case against John McCarty for selling liquor to minors was continued upon motion of the defendant.

James Geraghty, Jr., upon being arraigned upon the charge of being a common gambler, plead guilty and was fined \$5 and costs.

In the case of Henry Oneal et al. vs. Lot Green, regarding a drain, the final report of the commission was approved and the commission was discharged.

A motion for a new trial and a motion to modify the special findings of the court were filed in the case of C. F. Felton et al. vs. T. M. Green et al. The case of Frances Murphy vs. Isabel Daubenspeck, administratrix of the estate of John E. Daubenspeck was dismissed and the costs paid.

In the case of Charles Seward, administrator of the estate of Elmer Cowger, deceased, vs. the Metropolitan Insurance Co., judgment was rendered against the defendant for \$126.10.

In the case of William S. O'Neal vs. Nellie Ging on a note, the defendant defaulted and judgment was rendered against her without relief for \$131.16.

In the case of Edwin H. Crippen vs. Ira Hungerford on a judgment, the defendant defaulted and judgment was rendered against him for \$478.40.

HAS ADJOURNED TEMPORARILY

**Grand Juror Henry Davis is Ill
and Grand Jury Must
Wait.**

The grand jury did not convene this morning on account of the illness of Henry Davis, of Anderson township, who is a juror, but adjourned until tomorrow morning. Mr. Davis has been in poor health for some time, and the grand jury will not convene until he is able to attend the sessions. At the next meeting which may convene tomorrow, the jury will continue their investigation of the Cook murder case, and it is thought that Mr. and Mrs. Bankert will be examined. The investigation in the Cook case is likely to continue several days.

COUNTY COUNCIL CONVENES TODAY

**John W. Davis and John A.
Cowan Succeed Charles Kelso
and Albert Winship.**

The county council convened in its regular session this morning. John W. Davis was elected a member from the fourth district to fill the place made vacant by the resignation of Albert Winship. John A. Cowan was chosen as councilman to succeed Charles Kelso in the second district. Other important business which will be announced later was transacted.

POSTMASTERS RELIEVED

**Have Some Chance to Make
Show of Political
Patronage.**

A statement of interest to a considerable number of Indiana office holders and office seekers was made at the Civil Service Commission in Washington recently according to the Richmond Item. It is to the effect that deputy postmasters and deputy internal revenue collectors are not under civil service in any sense. This means that Indiana postmasters and the revenue collectors for the two Indiana districts can discharge their deputies, if they desire to do so, and appoint whomsoever they may select to those places. The same rule applies to those store keepers and gaugers in the revenue service whose annual compensation is less than \$500. It is anticipated that this announcement, made on authority of Civil Service Commissioner Greene, will open the way to numerous changes in subordinate official positions in Indiana.

TO DISMISS THE APPEAL

**Petitioners in Glenwood Incorporation Case File Motion
in Court.**

The petitioners, or rather those favoring the incorporation of Glenwood, have filed in the circuit court, a motion to dismiss the appeal taken to the circuit court by the remonstrators from that of the county commissioners. The petitioners allege that the remonstrators should have filed a bond with their appeal.

CREDITORS WILL MEET IN THIS CITY

**Joseph Johnson's Liabilities are
Given at \$17,590.13 and
Assets \$5,480**

There will be a meeting of the creditors of Joseph S. Johnson, of Arlington, who was yesterday adjudged a bankrupt, in this city on September 18th. The meeting will be convened by Clay C. Hunt, of New Castle, referee in bankruptcy at the court house at 9 a. m. The creditors will attend this meeting, prove their claims, appoint a trustee, examine the bankrupt and transact other important business. Mr. Johnson's liabilities are \$17,590.13, and the assets are \$5,480.

HORSE PLUNGED INTO A DITCH

**Harry Clifford Narrowly Escapes
Injury When Horse Scares
at Automobile.**

Harry Clifford narrowly escaped serious injury Monday evening when a blind horse which he was driving became frightened, and over turned the buggy into a ditch on the north side of Second street, near Spradling's livery barn.

Mr. Clifford had just crossed the race bridge on his way into the city, when he met an automobile driven by Dr. Elliott, of Glenwood, and the horse which he was driving became frightened and hurled the buggy and its occupants into the open ditch which is about three feet deep. Neither the horse or driver were injured, but the buggy was somewhat damaged.

OLD SOLDIERS TO MEET HERE

**The 123rd and 161st Indiana
Regiments Will Hold Reunion
in This City.**

**Jas. E. Watson and Ex-Governor
Durbin Will Speak—Interest-
ing Programs.**

During the month of September, two of the old Indiana regiments will hold reunions in this city. The surviving members of the 123d will meet here on September 12th and 13th, and the 161st will hold a reunion at the assembly room of the court house on the following day.

Great preparations are being made to receive these old veterans. Jabez Smith, the ever busy janitor of the Rush county court house, is now busily engaged in planning and making decorations for the occasion. Mr. Smith said this morning that he intended to have the lower hall and the assembly room of the court house alive with flags and other decorations. Large banners with "Welcome" on them have been made and a large number of flags have been purchased to do this work.

The programs of these meetings will be intensely interesting. Many talks will be made by the old soldiers themselves, and James E. Watson and Ex-Gov. Durbin will deliver addresses. Camp-fire meetings will be held at night and in these the experiences of the old war times will be told by the soldiers.

The reunions will be joyful ones. Imagine, if you can, the kind hearts of the old blood stained war veterans, united in the ties of friendly reunions. The tears of gladness which will be shed when old friends meet will give them hopes of longer life. Their very presence in the town will remind the people of the good that they have done for our country. Let us forget their work, their toils and suffering, let every citizen of this city come forth to give them a hearty welcome and to make their short visit to this city welcome one.

DECLARED TO BE OF UNSOUND MIND

**Inquest is Held in Squire Jack-
son's Court on Mrs. Grace
Newlin.**

An insanity inquest was held in Squire W. T. Jackson's court at 7 o'clock Monday evening to ascertain the condition of Mrs. Grace D. Newlin's mental faculties. Doctors J. C. Sexton, E. I. Wooden and D. D. Van Osdel made the examination and they decided that she was of unsound mind. Upon the decision of the physicians and the testimony of W. C. Newlin and Mr. and Mrs. L. B. Downey, application was made for entrance into the Richmond insane asylum.

Mrs. Newlin imagines that her clothing is covered with glass and she says at times that she is afraid of injuring some one. At other times she acts in such a manner as to cause the other members of the family to fear her.

She is the wife of Wilbur C. Newlin, and a daughter of Mr. and Mrs. L. B. Downey, of this city. She will be taken to Richmond as soon as the necessary arrangements can be made.

The various township trustees of the county met with their advisory board today and adopted the tax levy for 1906.

—Earl Stiers will leave tomorrow morning to enter Wabash College.

Congressman Watson delivered an address at the free Fayette county fair today at Connersville.

FARMERS BUSY

**Not Trading Much Now, But
Have Money and Will
Spend It.**

People in town are complaining about business being so quiet. It is assuredly so, but the grumbler should remember that this territory is given to farming, and right now the farmer is busily engaged in plowing for fall sowing. He isn't buying goods every day. He is turning over the sod preparatory to reaping a harvest next year. When this work is completed the farmer and his family will come to town and buy stacks of goods for fall and winter use. He has the money and consequently will buy heavily. This is a very quiet time of the year, and business will remain so until about the 15th inst.

A big corn crop is assured, and when this begins to move to the market there will be lively times ahead for all tradesmen. The acreage of wheat will in all probability be curtailed somewhat on account of the August rains and storms which blew down and tangled the corn, but the business outlook ahead looks cheerful.

THE FAIR WAS A GREAT SUCCESS

**Both in Line of Exhibits and
Finance—Officials Pleased
With Results.**

The forty-ninth annual Rush county fair was one of the greatest in the history of the fair association. Not only were the exhibits crowned with the success of abundance and quality, but the financial results were also good. In fact the fair was so clean and well managed that it received mention in metropolitan newspapers as one of the greatest county fairs which would occur in the State this season.

The races were better than they have been for years, and an extra purse was offered each day for the fastest Rush county horses. The display of feed cattle was large and the number of sheep and hogs which were on exhibition was nearly double the number which were displayed last year. An effort will be made next year to make the fair as good as possible for then the fair association will be half of a century old, and the management say that they want to celebrate for the fifty years of success.

TO CHANGE HIS BUSINESS ROOM

**Ed. Tyner to Remodel Room
Formerly Occupied by Adams
Express Co.**

Ed. Tyner, the tailor, who recently purchased the frame building which was formerly occupied by the Adams' Express company, will remodel it and make the structure into a neat business room.

Mr. Tyner expects to tear down the front of the building, to lower the floor and to place plate glass windows in the front of this establishment. The lower room will be used as a place to display his goods, and the second floor will be converted into a workshop. The Adams Express company has changed its location to the room which is now used as the office of the Central Fuel Gas company. As Mr. Tyner's building stands now its appearance is very ungratifying, but he expects to make it into an attractive business place.

—Senator Ogborn, of New Castle, was seen upon our streets today.

—Mrs. Anna B. Cox and Mrs. Owen L. Carr spent the day in Indianapolis.

TRACTION LINE MILEAGE BOOK

**The Line Entering Rushville
is Included in the New
Agreement.**

**Step Which Has Been Under
Consideration for Some Time
Has Been Taken.**

Interchangeable mileage books, good on twenty-nine companies, controlling 1700 miles of track in Indiana, Ohio and Michigan will be on sale in a few days. The books are now in the hands of the printer.

The proposition has been under consideration for many months and was voted down by the Indiana electric railway men, but the agreement was reached through the individual roads.

Each book will contain 240 coupons, each representing a five cent ride. The total cash value of the book is \$12, but they will be sold for \$10, giving a reduction of 16 2/3 per cent from the regular fare. Every line out of Indianapolis will use the book except the Indianapolis & Northwestern. Among the roads which will use the books as soon as they come from the printer are:

The Indianapolis & Cincinnati, Indianapolis & Eastern, Indiana Union Traction, Indianapolis, Columbus & Southern, Indianapolis & Martinsville, Richmond Street & Interurban, Ft. Wayne, Van Wert & Lima, Toledo & Indiana, Dayton & Western, Dayton & Muncie, Dayton, Springfield & Urbana, Dayton & Xenia, Dayton & Northern, Dayton, Covington & Piqua, Dayton & Troy, Springfield, Charleston, Washington & Chillicothe, Springfield & Xenia, Springfield, Troy & Piqua, Columbus, London & Springfield, Toledo, Postoria & Findlay, Toledo, Bowling Green & Southern, Ohio Central, Western Ohio, Cincinnati, Dayton & Toledo, Lebanon & Franklin, Lake Shore Electric, Cleveland & Southwestern, Detroit, Monroe & Toledo, and the Grand Rapids, Holland & Chicago companies.

SCHOOL EXHIBIT FOR NEXT YEAR

**Arrangements Being Made to
Display School Work in
Lavish Manner.**

All of the township trustees and the principals of the country schools met in the office of county superintendent W. O. Headlee, Monday, and questions on educational interests were discussed.

It was decided to make extensive preparations for an exhibit of school work which is to be given next year. Every effort will be made to make this display the best ever seen in this county. Arrangements have been made to place the work on exhibition at the Rush county fair next year. Supt. Headlee was asked to purchase the necessary material for this work, and a committee of four were appointed to take charge and to make plans for the exhibit. The committee is composed of J. L. Shauck, A. M. Taylor, Edgar Stiers and Supt. Headlee. These men will make a premium list and fix the amount of the different prizes which will be offered for the best work.

This exhibit will be open only to the members of the country schools. Pupils from Carthage or from this city will not be allowed to enter into any of the contests.

The Nebraska Indian base ball team which stopped in this city today played a team composed of Windy Morgan, Taylor, McClellan, Carter, Elmer Hendricks, Fred Yazel, Charles Stiers, Kiser and other players this afternoon at the South Main street grounds.

Chamberlain's COLIC, CHOLERA AND Diarrhea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

RUSHVILLE, IND., SEPT. 5, 1905.

John Alexander Dowie is even more practical than President Roosevelt on the question of race suicide. He recently issued a decree that all married couples in Zion must invite the stork to visit them yearly. One child a year is to be the rule. The married ladies of Zion will henceforth lead the strenuous life.

William Jennings Bryan is making some attempt to make capital out of President Roosevelt's popularity, saying that the President is adopting the principles of the Democratic party. This is true, of course, up to a certain point. There are many things about government in which every Democrat argues with every Republican—many things about which there is practically no difference of opinion among the people of the country, whatever the particular creed that may be espoused. For the same reason it may be said that President Roosevelt is a socialist in many things, but the same was to be said of the first President, Washington himself, and so of every President the country has ever had. There are many laws and customs that are so-called in the underlying principles. And the same sort of logic makes the President a Populist. He believes in many things that Tom Watson emphatically approves. But when it comes to the phases that really distinguish one party from another, then the President is a thorough going Republican.

That some of the tariff duties in the present schedules are too high, may be admitted. It always has been so, and always will be so in every schedule that will ever be prepared. It was so in the Mills bill; it was so in the Wilson-Gorman bill and in every bill that has been offered to the country by even the most rampant advocates of anti-protection. And whenever there is a special industry in any part of the country that needs protection the congressman from that district will want protection for that industry, and he will fight for it because it is good business to do so, fight for it regardless of any vagaries he may have as to the theory of protection. And in most instances the Congressmen who do this are right. And even if it were not for these it would be impossible even for a congress of Solomons to have every item in the various schedules just as it ought to be.

Excursion Train Wrecked.
Pueblo, Colo., Sept. 5.—A west-bound Atchison, Topeka & Santa Fe passenger train, carrying hundreds of G. A. R. excursionists, was derailed one mile east of Boone. Eight passengers were injured, two seriously.

Fishermen Lose Their Lives.
Lebanon, Pa., Sept. 5.—William Yordy, seventeen years old, and George Snyder, twenty-one years of age, were drowned in Stracks dam near Myerstown. They were fishing and their boat capsized.

Two Killed in Duel.
Pelham, Ga., Sept. 5.—Fletcher Maples and Bud Kridger, brothers-in-law, shot and killed each other near their homes about six miles from Pelham. The origin of the quarrel is unknown.

A HOPEFUL OUTLOOK

Early Adjustment May Be Made of Harrison Monument Dispute.

Indianapolis, Ind., Sept. 5.—An effort was made today to arrive at a decision relative to a location for the proposed statue in honor of the late President Benjamin Harrison. The matter has been hanging fire so long that a host of the followers of the ex-president are beginning to be embarrassed, fearing that the impression will get abroad that his statue is not wanted on the locations that are most desirable. The present controversy arose between Rankin and Kellogg, of Philadelphia, architects for the new federal building, and members of the Benjamin Harrison monument association, who have accepted the design of Charles H. Neimans, a New York sculptor. His design, however, was not acceptable to the architects, who declare that the base does not conform with the architecture of the new building. The monument association wants to build right in front of the main entrance. Rankin and Kellogg insist that the base of the proposed design is not in harmony with the lines of the building and will deteriorate the beauty of the latter. They have taken the matter up with the supervising architect at Washington, but the monument association has also gone to that authority.

J. Knox Taylor, supervising architect, was due to reach here this morning for a conference with Vice President Fairbanks, Senator Beveridge, Congressman Overstreet, members of the monument association, Rankin and Kellogg, Mr. Neimans and others who are interested.

The state board of agriculture has set apart Wednesday, Sept. 13, as "horse show day" at the state fair, and it promises to be the big day of the year in Indiana for blooded animals. On this date Dan Patch, the fastest harness horse in the world, will try to lower his record of 1:56, two running horses to accompany him during the trial. Sidney Dillon, sire of the fastest trotter in the world, Lou Dillon, will be on exhibition at the fair on this date. In the show ring on horse show day many high grade horses from over the country will contest for ribbons. There will be a parade of horses and cattle at noon and in the afternoon trotting and pacing races will add to the importance of the day. The state board of agriculture has arranged for a railroad rate of one fare for the round trip from all points in Indiana and from Louisville, Ky., good all of fair week. The outlook is for a big exposition and an enormous attendance.

The Democrats of the Third district will probably be involved soon in another fight over the congressional nomination. Congressman W. T. Zenor, of Corydon, has been elected for his fifth term and is a candidate for renomination. W. T. Cox, of Jasper, who was a candidate for the nomination last year and who was only defeated after a very bitter contest is again in the race. It is said that Warder Stevens, of Salem, who was on the ticket last year for lieutenant governor, George Voight, of Jeffersonville, Zack Selfres, of Salem, and three or four other prominent party leaders are thinking of entering the race. It is expected, however, that the big fight will be between Zenor and Cox. The nomination is equivalent to election, as the Third is strongly Democratic.

Senator Albert J. Beveridge is enroute home from his long summer vacation. He spent most of it in the wilds of northern Wisconsin, but during the last two or three weeks he has been in Maine. Early in the summer he took a cruise of the Mediterranean sea with one of his relatives who lives in Ohio. He was a guest of President Roosevelt and his family at Oyster Bay yesterday, stopping for luncheon and to pay his respects. The senator is expected here tonight or tomorrow and will probably remain a month or six weeks before starting for Washington to spend the winter.

Coming Fight Attracts Attention.
San Francisco, Cal., Sept. 5.—Although the promoters of the Britt Nelson glove contest to be held at Colma on Sept. 9 have not as yet received an answer from James J. Jeffries, who has been asked to act as referee it is confidently expected that he will accept. The advance sale of seats for the meeting of the men who are to determine the world's championship in this class has been unprecedented—and the indications now are that the house will represent at least \$70,000.

Monarch of All He Surveys.
Sioux City, Ia., Sept. 5.—For over an hour a monkey held possession of the Milwaukee passenger station here, having driven out the waiting passengers and employees, after worsting a big policeman, the janitor and baggage man. The animal threw peaches through the windows and mirrors and at all passengers attempting to enter. After doing much damage the ape was clubbed into submission by the policeman, who was badly hurt during the fray.

Went Asleep on Track.
Brazil, Ind., Sept. 5.—Thomas Bryant, aged fifty, of Cloverdale, was cut to pieces by a Vandavia freight train at Harmony. Bryant was asleep in the tracks. He had just been released from jail here after serving on days for drunkenness.

IT'S ALL OVER NOW

Peace Plenipotentiaries Conclude Their Labor at Portsmouth.

TREATY SIGNED TODAY

Formal Ceremony Was Concluded Late This Afternoon Without Any Spectacular Incident.

Historic Document Signed With Common Quill Pens Provided by State Department.

Portsmouth, N. H., Sept. 5.—The "Treaty of Portsmouth," as this vital document will be known in history, was signed at 3 o'clock this afternoon.

The closing act of the peace conference was a very tame affair. There were no spectacular features. The signatures of the plenipotentiaries of Russia and Japan were affixed

RUSSIAN AND JAPANESE PEACE ENVOYS.

with common quill pens, four of which had been provided by Mr. Peirce. The scene was the conference room of the naval stores building. Besides the plenipotentiaries only Assistant Secretary Peirce, representing the president, Governor McLane, the mayor of Portsmouth, Admiral Mead and Commander Winslow were present. All reporters were carefully excluded. The ceremony was brief, and was wholly formal and perfunctory.

After the signing the members of the Russian mission went to Christ Episcopal church, Portsmouth, where a Te Deum service was held. The Russian orthodox bishop at New York, accompanied by about twenty priests and about seventy chorists, arrived last evening on a special train to perform this service. Mr. Witte and the members of his suite will leave for New York at 9 o'clock Wednesday morning. Baron Komura, before going to Oyster Bay, will visit Harvard, his alma mater.

Preparations For Battle.
Lidzlapudzo, Manchuria, Sept. 5.—The Japanese are continuing preparations for a battle. This has caused astonishment, coming at the moment when the peace treaty is one day of being signed at Portsmouth. The Russian advance posts report that the Japanese troops are very much dissatisfied with the peace agreement.

EMIGRANTS WANTED

Mexico Making a Bid For Some of Europe's Overflow.

Mexico City, Sept. 5.—In view of the large number of European emigrants who are flocking to South America, especially to Brazil, a commissioner from the latter country, Senor Joaquin Torres, has been in consultation with interested parties in this country with a view to diverting the tide of immigration to Mexico. It is probable that a committee will be formed for the purpose of heading some of the desirable emigrants in this direction, as there is a good demand on the various plantations for steady agricultural laborers.

Funeral Charged by Troops.
Kisheneff, Sept. 5.—During the progress here of a funeral procession of Jewish workmen following the body of a poor woman who had been killed by roughs, shots were suddenly heard and the procession was charged by troops and police. Many of the workmen were wounded and fifty of them were arrested. Several are missing and are supposed to have been killed.

Instantly Killed by Train.
Columbus, Ind., Sept. 5.—The fast train on the Panhandle struck the wagon of Benjamin Petro at Grand Crossing, south of this city. Mr. Petro was instantly killed.

Seven Race Horses Perish.
Canton, O., Sept. 5.—The stables at the Stark county race track burned to the ground. Of the 125 horses quartered there seven perished.

BROUGHT TO TIME

New Orleans Physician Arrested For Dereliction of Duty.

New Orleans, Sept. 5.—New cases yesterday, 58; total to date, 2,082; deaths yesterday, 5, total, 292; new foci, 16; cases under treatment, 321; discharged, 1,469.

Two causes have contributed to an increase in the number of new cases of yellow fever. One was the fact that there is never a complete clean-up of cases on Sunday, leaving some to find their way into the Monday list. The other was the arrest and incarceration of Dr. Phillip Berge, a physician of standing, on a charge of having failed to report two Chartres street cases. Dr. Berge was arrested at midnight on Saturday, spending fourteen hours in a cell. Rather than undergo a similar experience physicians were particularly prompt yesterday in reporting cases, seventeen of them appearing in person early in the day at Dr. White's office. Not all of the cases reported are likely to develop actually into yellow fever, but the doctors have evidently decided to err on the side of excessive caution, if they err at all. The great majority of physicians have been zealously co-operating with Dr. White. Hereafter Dr. White expects to have absolutely no complaint to make of derelictions among members of the profession. The fact that the situation is unchanged except perhaps for the better, is evident from the relatively small number of deaths recorded, against seventy-two on the same date in 1878.

INSURANCE SWINDLE.

A Million in Premiums Outstanding With Nothing to Pay Claims.

New York, Sept. 5.—Acting upon a request from the Pittsburgh police, A. G. Marshall was arrested here last night on a charge of embezzlement. One of the accusations is the peculation of premiums on \$2,000,000 worth of fire insurance.

Pittsburgh, Sept. 5.—A. G. Marshall with Frank D. Dunbar, is facing many charges in connection with the alleged swindle in the North American, Lafayette and Duquesne Fire Insurance companies. The men disappeared over a week ago when a receiver was appointed to look into the books of the companies and wind up their affairs. It is said that an examination of the books shows that there is over \$1,000,000 outstanding in premiums and that there is nothing to pay the claims.

With the Veterans.

Denver, Colo., Sept. 5.—The first official business of the thirty-ninth national encampment of the Grand Army of the Republic was transacted last evening, when the national council of administration met and selected E. B. Stillings, of Boston, for the office of junior vice commander-in-chief to fill the vacancy caused by the death of Commander-in-chief Blackmar and the promotion thereby of the two officials below him in line. The council also approved the work of its executive committee performed during the interim since the last encampment and audited the accounts.

Will Be Tried in October.

Norfolk, Va., Sept. 5.—Captain E. W. Jones, of the Seventy-first Virginia regiment, who killed Maude Cameron Robertson, waived examination when arraigned yesterday and was sent on to the October grand jury.

COUNTY NEWS

Manilla.

Lon Mull now rides in his new automobile, and it is a beauty. Dr. Barnum has purchased one from the same firm, and others will soon follow. So we will soon have our quota in Manilla.

Mrs. W. O. Taylor and little daughter, Miss Helen, are visiting Mrs. Taylor's parents, Mr. and Mrs. J. L. Webster.

Mr. R. T. Stewart and wife, of Shelbyville, spent Sunday the guests of George Whisman and wife.

Sam Strode has the contract for a new dwelling to be built south of town for Henry Weingarth.

Miss Mary English is on the sick list.

Our schools all begin next Monday with Prof. Edgar Stiers as principal; Howard Clawson, grammar department; Miss Eulalia Mull, intermediate and Miss Nellie Trobaugh as primary.

Mrs. W. P. Stanley, formerly of this place, but who now resides at Shelbyville, is reported as being seriously sick with typhoid fever. This will be sad news to her many friends here, as she was well liked by all her acquaintances during their residence here. Mr. Stanley operated a grocery store in the Troes block, but is now engaged as conductor on the Shelbyville branch of the I. & C. line.

Mrs. Kate Roehm, of Cincinnati, is visiting her mother, Mrs. John Gross.

Glenwood.

Mr. H. C. Culbertson went to Toledo, O., last week, and came back with a double seated automobile.

Mr. Clem Humes and Miss Myrtle Holland were married last Wednesday evening at Rev. T. J. Anthony's. We wish them success in the future.

The U. P. church is being rapidly built. The building is now almost on-losed. Mr. Miller, of Connersville, is an honest workman and is doing his work in a workman like manner.

Mr. Green Thompson is confined to his bed nearly all the time on account of injuries received at the railroad crossing last week. Mr. Thompson and wife were coming home from their farm and did not notice the train until they were near the crossing, and while attempting to get out of the buggy he injured his leg, which has been getting worse ever since.

Mr. Clarence Richey called on Trustee Mapes and visited the scene of his action the coming winter and was introduced to a few of the patrons.

It is understood that Mr. Perry Meek has purchased the corner store property and will take possession in the spring.

Mr. and Mrs. Henry Neff have moved to Rushville. They leave a host of friends. A gentleman from Metamora will take possession of the farm for one year.

The Glenwood band were at Liberty this week, and played for the fair. The boys have an up-to-date band.

Five of our citizens are housed up

on account of that dread disease, hay-fever.

We now have three automobiles in our vicinity.

Charles Mingle is now propelling force at the bridge "Down on the Forty." Success to you, Charles.

Misses Lotta and Jessie Murphy are in Michigan for their health.

CONTEST IS OVER

Southern Indiana Hospital
For the Insane Goes
to Madison.

ON BANKS OF THE OHIO

Beautiful For Location the New State
Institution Will Overlook Indiana
and Kentucky Hills.

The Commission After Careful Investigation Selects the Hitz
Farm of 346 Acres.

Indianapolis, Ind., Sept. 5.—The Southeastern Indiana hospital for the insane commission, consisting of Governor Hanly, George Shideler, Marion, John McCordle, New Richmond, Eph Inman, Washington, D. D. Jacobs, Lafayette, decided on Madison as the location for the new institution. The site selected is known as the Hitz farm, a beautiful piece of land 346 acres along the Ohio river overlooking it and the Kentucky and Indiana hills for fifteen miles. An option on 392 acres at \$117.69 an acre was taken by the committee which presented the matter to the commission, but the latter will not pay more than \$100 an acre and will probably not take more than 360. Governor Hanly said the price would have to be lower than the option. The commission, he declared, did not act until after every site was carefully investigated. Superintendent Smith, of the Eastern Indiana hospital for insane, at Richmond, who was detailed by the commission to inspect the various locations, reported today favorably to Madison. Columbus, North Vernon, Bedford, Charleston, New Albany and Seymour were in the race for the institution. Sometime ago it was rumored that Columbus would get it, owing to the

political pull it exercised. Representative Springer, of that county, pushed the hospital bill through the legislature and secured the signatures of seventy-one members to petition that it be located at Columbus, but politics cut no figure. The legislature appropriated \$560,000 for the institution. The new district consists of Monroe, Brown, Bartholomew, Lawrence, Jackson, Jennings, Ripley, Dearborn, Ohio, Switzerland, Jefferson, Scott, Floyd and Washington counties.

MR. ROOT'S ASSISTANT

Robert Bacon of New York to Succeed Mr. Loomis.

Oyster Bay, Sept. 5.—President Roosevelt has announced officially the appointment of Robert Bacon, of New York to be first assistant secretary of state to succeed Francis B. Loomis. The announcement was accompanied by a statement that Mr. Bacon would not assume the duties of his office for some time, perhaps not until about the middle of October, after Secretary Root had become settled in the office of secretary of state.

Mr. Loomis's resignation has been practically in the hands of President Roosevelt for several months. His desire to retire from the office of assistant secretary was known to the president at the conclusion of the Bowen-Loomis inquiry, which resulted in the forced retirement of Minister Bowen from the diplomatic service.

The death of John Hay made it necessary for the president to select not only a secretary of state, but also a first assistant secretary who would be acceptable to the chief of the department. Practically immediately upon the acceptance by Elihu Root of the office of secretary of state, he and the president determined upon the appointment of Mr. Bacon as assistant secretary.

For years Robert Bacon has been an important element in the business affairs of New York. Until within comparatively recent months he was a junior partner in the banking house of J. P. Morgan & Co. At the settlement by President Roosevelt of the anthracite coal strike, Mr. Bacon represented Mr. Morgan in two conferences in Washington which resulted in an amicable adjustment of the trouble. Subsequently when Mr. Bacon retired from the firm of J. P. Morgan & Co., the president determined to utilize his services in a suitable place for him could be found. Mr. Bacon was here today as a guest of the president and Mrs. Roosevelt at lunch.

relinquish his office in a short time and his resignation will take effect at the conclusion of a leave of absence which he proposes to take. No statement is made concerning his possible future in official life, but his appointment to an important diplomatic post is probable.

TAFT'S TART TALK

At Canton Had a Good Effect Against Chinese Boycott.

VIOLATION OF TREATY

Chinese Were Reminded That Their Obligations to America Should Not Be Lightly Disregarded

Visit of the American Party to the Great Chinese City Has Had a Good Effect.

Hong Kong, Sept. 5.—The Taft party arrived at Canton yesterday morning and proceeded to the American consulate, where its members were met by a battalion of the viceroys guards. After a reception at the consulate the party became the guests of the new Canton railway, covering its entire district. At 1 o'clock the visitors were entertained at luncheon by invitation of the viceroy, who, however, was ill and unable to be present. His representative made a speech referring to the friendly relations between the Chinese nation and America. Secretary Taft in his response said that by direction of the president, he was pleased to note the friendly relations of the two countries. The United States did not want one foot or one acre of the soil of China. Secretary Taft said he thought the boycott of American goods was an unreasonable violation of treaty rights and conditions between the two countries, and declared that he was glad the viceroy had ordered the boycott stopped.

The party's trip to Canton has had an immediate effect and it is believed that within two weeks the boycott will end.

The viceroy on Monday gave notice that he had ordered the boycott to be declared off and all of its leaders to be arrested and punished. Old residents of Canton say that they believe the agitators are using the boycott as an excuse for a demonstration against all foreigners.

During their stay in Canton a few members of the Taft party visited the old city. They made many purchases and were treated with great respect,

there being no evidence of ill feeling. The entire party returned to Hong Kong late last night.

TOTTERING TO ITS FALL

Chinese Boycott Shows Many Signs of Weakening.

Victoria, B. C., Sept. 5.—Arrivals from China by the Athenian state that while the boycott was serious indeed, there were signs of weakening. It is reported that merchants seek to deal surreptitiously with Americans and cases are quoted where contracts have been made and antedated prior to July 18, when the boycott began. The Japanese Advertiser reports the loss sustained by American merchants at Shanghai to Aug. 16 amounted to half a million dollars.

At Soo Chow a Chinese merchant turned over all the American goods he had in stock for a public burning in front of a temple. The goods burned were mostly cigarettes and cologne. The North China Daily News points out that the influence of American training is strongly shown in the manner the boycott is being promoted, the major part of the organization being carried on by young men trained in American missionary schools.

Boycott Apparently Subsiding.

Washington, Sept. 5.—Consul General Rodgers at Shanghai has cabled the state department under yesterday's date as follows: "Northern trade is opening and the boycott is apparently subsiding."

ON BRINK OF VOLCANO

The Mexican City of San Lucas Is Threatened With Destruction.

Mexico City, Sept. 5.—News from the state of Michoacan, Mexico, says that a great volcanic upheaval threatens the city and valley of San Lucas. The people are fleeing in terror. The entire side of a precipice on a mountain called Gerro Dolores, about 200 feet square, suddenly took an upward movement and great masses of rock broken loose by the upheaval fell into the valley with a thundering noise. For fifteen days the movement was plainly discernible. It was accompanied with rumbling subterranean noises. For two months slight local earthquakes have been of daily occurrence. People who have arrived recently from there declare that the precipice continued perceptibly to rise and portions of the rock to crumble and fall. Of late the stones have been hot and a volcano is believed to be in progress of formation.

LOCAL BREVITIES

Fair tonight and Wednesday.

The petit jury will not convene until next Thursday.

Al. Linville has taken a position as waiter at the Magnolia restaurant.

The last excursion to Benton Harbor of the season will be run on Sept. 17th.

Supt. Headlee will attend the preliminary institute at Arlington Wednesday.

Tickets on the local division of the I. & C. were placed on sale in this city today.

Supt. W. O. Headlee gave a talk to fourteen of the new township teachers this morning.

The grand jury adjourned today on account of the sickness of one of its members, James Davis.

Green's Nebraska Indian base ball team stopped off here today on its way to Greensburg from Connersville.

The remainder of the iron work for the Masonic Temple arrived today and work will be resumed tomorrow.

James Thompson, who suffered a fractured leg by a fall which he received in East Hill cemetery, is reported to be doing well.

Abe Spolsky, the well known Shelbyville fruit dealer, has sold his business to Beretta & Co., of Indianapolis, who will take charge of the same at once.

There is much agitation being aroused in Indianapolis at the present time over the "loan sharks." It is claimed that large interest is being charged on small principal.

If you wish beautiful clear, white clothes use Red Cross Ball Blue. Large 2 oz. package, 5 cents.

Vern Norris is suffering considerably from an injury to his left hand, sustained in running a nail into it.

The preliminary institute for Rushville township will be held in the assembly room of the court house next Saturday.

Seven steam engines are now in use at the point where the I. & C. Williams Creek bridge is being built. Several stone crushers and concrete mixers are also used to carry on the work.

Ed. Manley, of Laurel, has accepted a position as superintendent of the building of the I. & C. Flatrock bridge. Mr. Manley has had much experience in this kind of work, as he had charge of the Derbyshire stone quarries for years.

Marriage license business picked up somewhat at the court house today. Robert Jordan and Cleora Ball were given a license to wed. Rex Kemple was given a license to wed Harriet Whittinger, and Hugh Sparks and Nettie Tonies went away armed with the necessary papers.

Node Porter, a representative and director of the Indiana State fair transacted business in this city today.

The Eagles will hold a street fair in North Vernon during the last week in September and already the lodge is making preparations to do things up right. Invitations will be sent to all the surrounding towns and large delegations are expected.

Strangers who come to this city remark as to the way that the Rush county court house is kept. The very first appearance of the building and surrounding grounds is pleasing to the eye as the grass is so green and so nicely trimmed as to attract attention at once. The interior of the building is kept up in the same clean style throughout. Especially has mention been often made of the clean state of affairs in the toilet rooms and the janitor and his assistants should be complimented upon their good work.

BY THE WAYSIDE

Shelbyville Jeffersonian: The Columbus Republican of Wednesday has a front page cartoon representing "Miss Columbus" as greatly shocked at the murders and sensations occurring in Rushville and Shelbyville. Under the cartoon is the following inscription: "Over at Rushville and Shelbyville scarcely a day passes without a fight or murder, while here everything is serene."

One can always tell a live town by the sensations which occur. Columbus is rapidly climbing down the ladder and ere many days will occupy the same berth as Greensburg, the dearest ever. Bunco games occur right in the midst of Columbus, yet the papers fail to hear of them. Certainly in such a light "everything would be serene."

The features of Columbus papers are their "Society Columns." Everything from a dog fight, headed a "Delightful Time," to an arrest for violating the fish law headed "Just Lovely," may be found in the list. Yea, verily, "everything is serene."

STATE NEWS

FIFTH ARREST IN DYE CASE

Saloonkeeper Arrested For Murder Committed Five Years Ago.

Marion, Ind., Sept. 5.—The fifth arrest in the Dye murder case has been made. Sheriff Mills, who went to Mackinac island, Mich., to capture Arnold Berden, has returned with his prisoner. The others who will be called before the grand jury when it meets Tuesday are Albert Milton, of Chicago, Cora Taylor, of this city, Jesse Mitchell, Frankfort, and Grace Burton, Indianapolis. Berden was arrested on the murder charge because Irvin Dye was killed in his saloon. The crime occurred five years ago. From confessions that the police have succeeded in securing, and from other evidence that is procurable, the police think they have strong cases against each of the people under arrest.

Indianian May Become Governor. Laporte, Ind., Sept. 5.—William R. Mellor, of this county, who recently went to Nebraska, locating in Loup City, has entered the race for the Republican nomination for governor. He became secretary of the state board of agriculture and his extensive acquaintance with the farmers of the state has developed a movement which threatens to sweep the state and give him the nomination over a large field of candidates.

Deadly Family Quarrel.

Washington, Ind., Sept. 5.—James Parker, sixty-five years old, was arrested on a charge of attempting to kill his son John, thirty-years old. The two men got into a family quarrel at Montgomery and the son attacked the old man. The father drew a knife and almost severed the jugular vein of his son, and also stabbed him in the arm and shoulder.

Stung to Death by Bees.

Evansville, Ind., Sept. 5.—A team of horses driven by John Kaltremer ran into a swarm of honey bees. Kaltremer was stung in nearly one hundred places and his death is expected. Charles Brizius, a boy who was on the wagon with him, was also badly stung and is in a serious condition. One of the horses will die.

Suicide by Poison.

Morrisstown, Ind., Sept. 5.—George Holbrook committed suicide by carbolic acid. He was a painter and thirty-six years old. No cause can be assigned for Holbrook's rash act only that he had been drinking heavily. At such times he was frantic. He leaves a widow and three small children.

No Trace of Missing Cashier. Evansville, Ind., Sept. 5.—Thebes Farthing, missing cashier of the State bank at Haubstadt, has not yet turned up.

THE RAILROAD COMMISSION

Visits City and Inspects Crossings—Railroad Officials Present.

The members of the State Railroad commission, including Union B. Hunt, visited this city today and inspected all the railroad crossings in the city. Mr. Hunt reached this city on the noon train from Indianapolis, while the other two members accompanied by some of the C., H. & D. officials came in on a special train. The commission inspected the crossings for the purpose of ascertaining as to the necessity of putting interlocking switches. The result of the investigation and the decision reached by the commission is not known as it returned to Indianapolis at 3:30 p. m.

Among the railroad officials who were here with the commissioners were General Supt. J. A. Gordon, and Superintendent Whittenburger, of the local division of the C., H. & D.; Superintendent Bushrod Taylor, of the Pennsylvania, and the General Superintendent of the Big Four. Several L. E. & W. officials too were present, having come to this city on a special train. Should the commission decide that interlocking switches shall be installed here a switch tower must be erected at each railroad crossing.

THE REPORT OF COUNTY OFFICERS

County Commissioners Approve Them—Balance of \$23,262.18 in County Treasury.

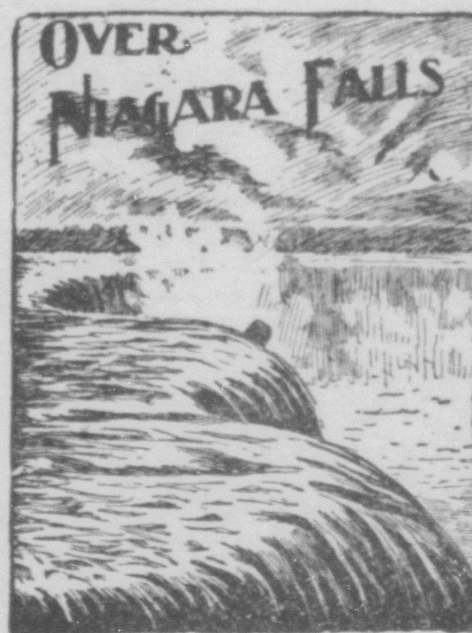

Little was done in the county commissioners court today. The commissioners spent most of their time with the county council. County Treasurer Blackledge submitted his report which shows a total balance in the county treasury of \$23,262.18, and the same was accepted. County Recorder, E. B. Lowden reported the collection of \$352.65 in fees. Auditor Winslow reported the collection of \$121.25 in fees.

The commissioners voted that the expense of \$40 for damages done to R. J. and Anna F. Westerfield by the new highway petitioned for by William Gahimer and others be paid out of the county treasury.

AMUSEMENTS

"Over Niagara Falls," Rowland and Clifford's magnificent scenic production, with its marvelous electrical effects and special car of scenery, will be the attraction at the city opera house on Monday Sept. 11th.

"Over Niagara Falls," is Mr. Joseph Le Brandt's latest melodramatic success. The play is in four acts and is melodrama of exceptional merit.

The fact that a human being can go over the Falls and still exist was proven by Miss Annie Edson Taylor, who performed this remarkable feat on October 24th, 1901. Her trip was made in a barrel which was specially designed. This barrel has been purchased by Rowland and Clifford and is used in every performance of "Over Niagara Falls."
